Eligible members

To be eligible to retire under the IMRF ERI:

- Your employer must adopt the program.
- You must be participating in IMRF on the effective date of your employer's ERI program. You would still be considered participating in IMRF if you are
 - on layoff status with right of re-employment,
 - on IMRF Benefit Protection Leave of Absence, or
 - receiving IMRF disability benefits for less than two years.
- You must be at least age 50 and have at least 20 years of service credit by your date of retirement.
 - The 20 years of service credit can include reciprocal service
 - The 20 years of service credit can include service with another IMRF employer
 - Unused, unpaid sick leave cannot be used to meet the 20-year service requirement
- Your date of retirement must be no later than 12 months from your employer's ERI program effective date.
- You cannot have previously received a pension using IMRF service credit.

IMRF will **not** inform members that their employer has adopted ERI. It is the employer's responsibility to do so.

However, IMRF will inform members who are eligible for ERI and who have been receiving IMRF temporary disability benefits for less than two years.

Also, if a member inquires, IMRF will confirm whether an employer has adopted the program.

Member benefits under the IMRF ERI

 Eligible members may purchase from one month up to five years of additional service credit. For each period of service established, your age at retirement will be increased accordingly.

Example:

| Your ERI age | 60 vrs. 0 mo. | Your ERI service25 vrs. 10 mo. |
|-----------------|---------------|-----------------------------------|
| You purchase | 3 yrs. 7 mo. | 3 yrs. 7 mo. |
| Your actual age | 56 yrs. 5 mo. | Your actual service 22 yrs. 3 mo. |

Members age 60 or older may also purchase up to five years of additional service credit. Although age enhancement is no longer necessary, the additional service credit will result in a larger pension.

 Please note: Although you can use reciprocal service credit to meet the service requirement for the IMRF ERI, you will not be eligible to receive a pension from the reciprocal system unless you meet its age requirement without the IMRF ERI age/service enhancements.

Members participating in the Elected County Official (ECO) plan

- The maximum ECO pension (80% of final rate of earnings) is earned after 20 years of ECO service credit.
- Age 55 is the minimum age to retire under ECO.
- An ECO member who retires under ERI with 20 years of ECO service will have his
 or her age enhanced for benefit calculation purposes, but the pension amount will
 not be increased (because it is already at the maximum amount).

Example:

An ECO member at age 50 with 20 years of ECO service can purchase five years of ECO service allowing him or her to retire at age 50 (instead of the minimum age of 55). However, the **amount** of the pension will not increase.

Notice of Intent to Retire Under Employer's IMRF ERI

- If your employer adopts the ERI and you intend to retire under it, you must notify IMRF of your intention to do so.
- You can either complete and mail IMRF Form 5.21, "Notice of Intent to Retire Under Employer's IMRF Early Retirement Incentive," (sample on page 5), or you can call an IMRF Member Services Representative at 1-800-ASK-IMRF (1-800-275-4673), Monday - Friday 7:30 a.m. — 5:30 p.m.
- You can also FAX the Notice of Intent to IMRF at 630-368-5397.
- You may file your Notice of Intent at any time, but no later than when you
 file your application for retirement (IMRF Form 5.20). We suggest you file
 your Notice with IMRF as soon as you decide that you will retire under your
 employer's ERI.
- Receipt of your notice does not guarantee your eligibility for the ERI nor for an IMRF pension.
- As a general rule, your Notice of Intent is not a letter of resignation. Although you
 may file a Notice, you are not required to apply for an IMRF pension. However,
 some employers may treat a Notice of Intent as a letter of resignation. If you have
 any questions regarding this, talk with your employer.
- IMRF will acknowledge receipt of your intent with a letter and the publication, "Can I Afford to Retire?" Your employer will receive a courtesy copy of the acknowledgment letter.

MOTICE OF INTENT TO RETIRE UNDER EMPLOYER'S IMPR IMPREARLY RETIREMENT INCENTIVE

IMRF Form 5.21 (Rev. 1/2013)

INSTRUCTIONS

- IMRF employers can adopt by resolution the IMRF Early Retirement Incentive (ERI) program.
- If your employer has adopted the IMRF ERI and you intend to retire under the ERI, you may file this form at any time, but no later than when you file your application for retirement (IMRF Form 5.20).
- This Notice of Intent does not guarantee your eligibility for the ERI nor for an IMRF pension.
- · Your last date of employment will be determined by your employer. However, you may request to retire before June 30 so you will be eligible to receive the following year's Supplemental Benefit Payment ("13th payment").
- To claim an IMRF pension, you must file IMRF Form 5.20, "Application for Retirement Annuity." Form 5.20 may also be submitted online via IMRF Member Access. Log on to www.imrf.org/myimrf to create your IMRF Member Access account today.
- To estimate your cost for the ERI, refer to the IMRF Early Retirement Incentive Booklet.
- If you do not receive acknowledgement of your Notice of Intent within three week. CONTACT IMRF.

DECLARATION

I elect to participate in the IMRF early retirement into numer program.

ACKNOWLEDGEMENTS

I have read, understand, and we been as wed in uire regarding the following conditions of this early retirement incentive:

- I must contribute my usua mem¹ ontributions (Regular 4.50%, SLEP 7.50%, ECO 7.50%) for each year and mor of IMKF service edit I wish to purchase. (Cost is reduced by 0.75% if member has no eligible spouse
- I will pay a percentage of the highest 12 consecutive months used in calculating my final rate of earnings.
- My IMRF section and age will be increased by the years and months I purchase.
- If I return to work for any IMRF employer in any position (including as an independent contractor), my IMRF pension will be suspended (from the date of employment), and I will repay IMRF any enhanced pension I received from this early retirement incentive. Exception: you can hold an elected position and continue to receive your ERI pension if you choose to not participate in IMRF and your pension is not based on any service earned in that position during any term of office.
- To claim an IMRF pension, I must submit IMRF Form 5.20, "Application for Retirement Annuity," within one year of the effective date of my employer's IMRF ERI program. I understand that if I retire after one year from the effective date of my employer's IMRF ERI program, I will be unable to retire under the ERI.

| Signature of Member | Date (MM/DD/YYYY) |
|---------------------|-------------------|

This page intentionally left blank.

How your ERI cost is calculated

• For each year of service credit you purchase, you will pay 4.5 percent (7.5 percent for Sheriff's Law Enforcement Personnel [SLEP]) of your highest 12 consecutive months of salary within the final rate of earnings period. (ECO members pay 7.5% of their final salary for each year of service credit purchased)

Example (Regular Plan):

| The highest 12 months of salar | ry\$27,000 |
|--------------------------------|----------------|
| x member contribution | x <u>4.5%</u> |
| Subtotal | \$ 1,215 |
| x 3 years 7 months* | x <u>3.583</u> |
| Member ERI Cost | \$ 4,353 |

- If you do not have an eligible surviving spouse when you retire, your contribution is reduced to 3.75 percent for Regular, 6.75 percent for SLEP and ECO.
- A maximum payment of 22.5 percent (37.5 percent for SLEP and ECO) will be made to IMRF for five years of service credit and age enhancement.
- Charts to estimate an IMRF pension and member cost for ERI can be found on pages 14 through 19; worksheets are provided on pages 20 and 21. You can also request an ERI pension estimate (see IMRF Form BF-20 "Pension Estimate Request," on page 23) which will include your ERI costs.

*Months of service conversion chart

Example:

1 year 6 months = 1.500 3 years 4 months = 3.333 4 years 9 months = 4.750

| .083 = 1 month | .417 = 5 months | .750 = 9 months | 2.00 = 2 years |
|------------------|------------------|-------------------|-----------------|
| .167 = 2 months | .500 = 6 months | .833 = 10 months | 3.00 = 3 years |
| .250 = 3 months | .583 = 7 months | .917 = 11 months | 4.00 = 4 years |
| .333 = 4 months | .667 = 8 months | 1.00 = 1 year | 5.00 = 5 years |

Paying member costs for the ERI

• Lump sum payments from employer—If you receive any lump sum payments for vacation, sick leave and/or personal leave, your employer must forward the net payment (gross amount less federal and state taxes, IMRF member contributions, etc.) to IMRF. The net payment will be applied toward your ERI cost.

If the net payment for sick, vacation, and/or personal time is greater than your ERI cost, your employer would forward to IMRF an amount required to pay your cost. Your employer would forward to you any remaining balance of the net payment. If the net payment is less than your ERI cost, you will be billed separately by IMRF. Please do not send any payment to IMRF until you receive an invoice from IMRF.

This payment must be remitted to IMRF even if the payment is spread over several months. As long as the payment for vacation, sick leave and/or personal leave is due to your retirement and is paid during the 12 months before your retirement date, it is payable to IMRF.

- Refunds from IMRF—If you are entitled to a refund from IMRF for surviving spouse, SLEP, or voluntary additional contributions, you may request that the refund be applied toward your ERI cost. If the refund is greater than your ERI cost, IMRF will refund the balance to you.
- Rollover from traditional IRA or qualified savings plan—You may roll over taxdeferred funds from a traditional IRA, 457 plan, or 403b plan to pay your ERI cost. Funds from a Roth IRA cannot be used to pay for the ERI.
- 24 equal installments—Your contributions for the ERI can be paid in a single sum
 or deducted from your pension in 24 equal monthly installments. Interest is not
 charged during the 24 months. The 24-month payment period is fixed by law and
 cannot be extended.
- Additional member payments—Once deductions for the 24 equal monthly installments begin, you can forward additional payments or pay off the balance of your ERI cost at any time.

If you return to work

- If you retire under the ERI and you return to work for any IMRF employer in any position, even as an independent contractor, you will
 - lose the ERI enhancements and
 - pay IMRF the difference between the ERI enhanced pension and the pension you would have received without the ERI—less the amount you paid for the ERI.

Exception: you can hold an elected position and continue to receive your ERI pension if you choose to not participate in IMRF *and* your pension is not based on any service earned in that position during any term of office.

- If you would not have been entitled to a pension without an ERI, i.e., you were less than age 55 at retirement:
 - you would be required to repay IMRF for all pension payments received less the amount you paid
 - when you again retire, your pension will be recalculated without the enhancements.
- You may retire under ERI only once. For example, you retire under ERI and return to work for an IMRF employer. If that employer adopted ERI, you would not be eligible to retire under it.

If death occurs

- If a surviving spouse pension is payable, your spouse would receive approximately one-half of your enhanced ERI pension.
- If you die and a balance for your ERI cost remains, the remainder will be deducted from the IMRF death benefit:
 - If a surviving spouse pension is payable, the remainder of the 24 equal installments will be deducted from the surviving spouse pension
 - If a surviving spouse pension is not payable, the balance will be deducted from the lump sum death benefit payment.
- If you paid more for the ERI than you received in an enhanced pension, the amount not paid out as a benefit will be refunded to your beneficiary or to your estate.

Multiple plans

• If you have any combination of service credit, e.g., SLEP and Regular, or Regular and ECO:

The type of service credit you can purchase under the ERI will be determined by the plan you currently participate in. If your current employer adopts ERI and you participate in:

- SLEP, you would purchase SLEP service credit.
- Regular, you would purchase Regular service credit.
- ECO, you would purchase ECO service credit.
- If you are participating under two IMRF employers, one SLEP and one Regular:
 - the type of service credit purchased under the ERI will be determined by which employer adopts the ERI.
 - if both employers adopt the program and of your 20 years of total service credit you have:
 - Less than 15 years of SLEP service credit:
 - you would purchase regular service credit
 - · 15 or more years of SLEP service credit:
 - you would purchase the number of years desired; your cost would be calculated as follows:
 - 7.5% per year purchased x SLEP ERI final rate of earnings plus
 - 4.5% per year purchased x Regular ERI final rate of earnings
- If you participate in the ECO plan:
 - If an original ECO member participates under two employers, the member will purchase ECO service credit, regardless which employer adopts ERI.
 - -If a revised ECO member participates under two employers, the type of service credit purchased under ERI will be determined by which eemployer adopts the ERI.

Pension reduction for under age 60/less than 35 years of service

- The IMRF ERI does not alter the existing IMRF benefit formula. The current benefit formula calls for a pension reduction if you retire before age 60. (This reduction does not apply to SLEP pensions.) This reduction will apply if your ERI enhanced age is less than 60. If when you retire:
 - your ERI enhanced age is between 55 and 60 and your ERI enhanced service is less than 30 years, your pension will be reduced by 1/4% for each month your ERI enhanced age is under age 60.
 - your ERI enhanced age is between 55 and 60 and your ERI enhanced service is at least 30 but less than 35 years, your pension will be reduced by the lesser of
 - 1/4% for each month your ERI enhanced age is less 60 or
 - 1/4% for each month your ERI enhanced service is less than 35 years.
 - your ERI enhanced age is 60 or your ERI enhanced service is 35 years, the full amount of the pension is paid.
- If your actual age is 55 or greater, you can avoid the reduction by purchasing sufficient service to reach an enhanced age of 60 or 35 years of service credit.
- If your actual age is less than 55, the pension reduction will be calculated using your enhanced age and service credit.

Example:

Actual Age 51 yrs. 4 mo.

You purchase 5 yrs. 0 mo.

ERI age 56 yrs. 4 mo.

Actual Service 22 yrs. 3 mo.

5 yrs. 0 mo.

ERI service 27 yrs. 3 mo.

Months ERI enhanced age less than 60: 44

Pension would be reduced 1/4% for each month under age 60: 44 months <u>x .25%</u> 11%

The amount of the your ERI enhanced pension would be permanently reduced by 11%.

Estimating your future pension and cost for ERI

Regular

- To estimate your ERI cost for Regular service credit, refer to the chart on page 14. You can also refer to pages 20 and 21.
- To estimate your future IMRF pension, refer to the chart on page 15. This chart will provide an approximate future IMRF pension for a member with a retirement of age 60 or older (actual or ERI enhanced).
- Social Security benefits are in addition to the figures shown.

SLEP

- To estimate your ERI cost for SLEP service credit, refer to the chart on page 16. You can also refer to pages 20 and 21.
- To estimate your future SLEP pension, refer to the chart on page 17. This chart will provide an approximate future SLEP pension for SLEP members at age 50 or older.
- Social Security benefits are in addition to the figures shown.

ECO

- To estimate your ERI cost for ECO service credit, refer to the chart on page 18. You can also refer to pages 20 and 21.
- To estimate your future ECO pension, refer to the chart on page 19. This chart will provide an approximate future ECO pension for ECO members at age 55 or older.
- · Social Security benefits are in addition to the figures shown.

Regular, SLEP, and ECO

- Your exact final rate of earnings, years of service credit, and years and months of ERI service credit purchased will be used to calculate the pension when you retire.
- To estimate your monthly pension after deductions, use the worksheets on pages 20 and 21.
- You can also request an ERI pension estimate from IMRF. The estimate will provide your cost for the ERI. (Pension Estimate Request on page 23.)

| 2750 | 124 | 248 | 371 | 495 | 619 | 743 | 866 | 990 | 1,114 | 1,238 | 1,361 | 1,485 | 2,970 | 4,455 | 5,940 | 7,425 |
| 3000 | 135 | 270 | 405 | 540 | 675 | 810 | 945 | 1,080 | 1,215 | 1,350 | 1,485 | 1,620 | 3,240 | 4,860 | 6,480 | 8,100 |
| 3250 | 146 | 293 | 439 | 585 | 731 | 878 | 1,024 | 1,170 | 1,316 | 1,463 | 1,609 | 1,755 | 3,510 | 5,265 | 7,020 | 8,775 |
| 3500 | 158 | 315 | 473 | 630 | 788 | 945 | 1,103 | 1,260 | 1,418 | 1,575 | 1,733 | 1,890 | 3,780 | 5,670 | 7,560 | 9,450 |
| 3750 | 169 | 338 | 506 | 675 | 844 | 1,013 | 1,181 | 1,350 | 1,519 | 1,688 | 1,856 | 2,025 | 4,050 | 6,075 | 8,100 | 10,145 |
| 4000 | 180 | 360 | 540 | 720 | 900 | 1,080 | 1,260 | 1,440 | 1,620 | 1,800 | 1,980 | 2,160 | 4,320 | 6,480 | 8,640 | 10,800 |

To use this table

- 1. Find your monthly rate of earnings in the first column. (For estimating purposes, divide your highest one year's salary by 12.)
- 2. Find the months of service credit (top line) you wish to purchase.
- 3. Your approximate ERI cost will be the amount shown at the point where the earnings lines and service columns intersect.

For example:

You wish to purchase 3 years, 6 months of service and have a final rate of earnings of \$900:

36 months \$1,458 6 months \$243 Total estimated cost\$1,701

To use this table

- 1. Find your monthly rate of earnings in the first column. (For estimating purposes, divide the last four years of salary by 48.)
- 2. Find your years of service credit (top line) including the ERI service credit.
- 3. The approximate monthly pension at age 60 or older (ERI enhanced age) will be the amount shown at the point where your earnings line and service column intersect. If your ERI enhanced age is less than 60, please refer to page 19 to determine the pension reduction.
- 4. Enter the amount found on the chart above in line A on the worksheet on page 21.

For example:

25 years of service credit and final rate of earnings of \$1,500 a month will provide an IMRF pension of \$675 per month at age 60 or older.

To use this table

- 1. Find your monthly rate of earnings in the first column. (For estimating purposes, divide your highest one year's salary by 12.)
- 2. Find the months of service credit (top line) you wish to purchase.
- 3. Your approximate ERI cost will be the amount shown at the point where the earnings lines and service columns intersect.

For example:

You wish to purchase 3 years, 6 months of service and have a final rate of earnings of \$1400:

36 months \$3,780 6 months \$ 630 Total estimated cost\$4,410

Chart to estimate a future SLEP pension

To use this table

- 1. Find your final monthly rate of earnings in the first column. (For estimating purposes, divide the last four years of salary by 48.)
- 2. Find your years of service credit (top line) including the ERI service credit.
- 3. Your approximate monthly pension at age 50 or older will be the amount shown at the point where your earnings line and service column intersect.
- 4. Enter the amount found on the chart above in line A on the worksheet on page 21.

For example:

25 years of service credit and final rate of earnings of \$1,500 a month will provide a SLEP pension of \$938 per month at age 50 or older.

| 4000 | 300 | 600 | 900 | 1,200 | 1,500 | 1,800 | 2,100 | 2,400 | 2,700 | 3,000 | 3,300 | 3,600 | 7,200 | 10,800 | 14,400 | 18,000 |

To use this table

- 1. Find your monthly rate of earnings in the first column. (For estimating purposes, divide your current year's salary by 12.)
- 2. Find the months of service credit (top line) you wish to purchase.
- 3. Your approximate ERI cost will be the amount shown at the point where the earnings lines and service columns intersect.

For example:

You wish to purchase 3 years, 6 months of service and have a final rate of earnings of \$900:

| 36 months | \$2,430 |
|-----------|---------|
| 6 months | \$ 405 |
| | 2 835 |

Chart to estimate a future ECO pension

Social Security benefits are in addition to the figures shown.

| | | | | | | | | 3500 | 840 | 980 | 1,120 | 1,260 | 1,400 |
| 1,575 | 1,750 | 1,925 | 2,100 | 2,275 | 2,450 | 2,625 | 2,800 | | 4000 | 960 | 1,120 | 1,280 | 1,440 |

To use this table

- 1. Find your final monthly rate of earnings in the first column. (For estimating purposes, divide the last four years of salary by 48.)
- 2. Find your years of service credit (top line) including the ERI service credit.
- 3. Your approximate monthly pension at age 50 or older will be the amount shown at the point where your earnings line and service column intersect.
- 4. Enter the amount found on the chart above in line A on the worksheet on page 21.

For example:

20 years of ECO service credit and final rate of earnings of \$1,500 a month will provide an ECO pension of \$1,200 per month at age 55 or older.

Worksheet to calculate your estimated ERI cost

• Example illustrates costs for member with an ERI enhanced age of 55, ERI enhanced Regular service of 25 years and monthly final rate of earnings of \$3,000.

| | | | | Example |
|----|--|--------------|---|-----------------|
| 1. | Highest 12 consecutive months of salary* | \$ | _ | \$36,000 |
| 2. | Member contributions (4.5% regular, 7.5% SLEP, 7.5% E x 4.50% | CO) | X | |
| 3. | Subtotal | \$ | _ | \$1,620 |
| 4. | Years and months you wish to purchase (see page 7 to convert into decimal) | х | _ | <u>x 5.00</u> |
| 5. | Your ERI cost | \$ | _ | \$8,100 |
| 6. | Deduct any lump sum payments from you or your employer | -\$ | _ | -0- |
| 7. | Your net ERI cost | \$ | _ | \$8,100 |
| 8. | If balance remains, divide amount on line 7 by 24 | 4÷ 24 | | <u>÷ 24</u> |
| 9. | 24-month ERI deduction (enter on line D on page 19) | \$ | | <u>\$337.50</u> |

^{*}When IMRF calculates your ERI cost, we review your records and determine the highest 12 consecutive months of salary within your Final Rate of Earnings period. Your Final Rate of Earnings period is your highest 48 consecutive months of salary within your last 10 years of service. In most cases, a member's highest 48 months is his or her last 48 months of salary reported to IMRF. To estimate your ERI cost here, you may wish to use your last 12 months of salary.

Example

Worksheet to estimate monthly pension after age 60/35 year reduction and ERI costs

 Example illustrates costs for member with an ERI enhanced age of 55, ERI enhanced Regular service of 25 years, and monthly final rate of earnings of \$3,000.

If under age 60/35 year reduction applies: Number of months your ERI age is less than 60 or total service credit is less than 60 months 35 years (whichever is less) Multiply by .25% Χ x .25% Monthly percent reduction ______% 15% Monthly pension (Line A above) 1,350 Multiply monthly % x 15% reduction against pension B. Monthly reduction 202.50 A. Monthly pension \$ 1,350.00 C. Monthly pension (A less B) after age 60/35 year reduction \$ \$ 1,147.50 D. Subtract 24-month ERI deduction (line 9 on page 18) \$ - \$<u>337.50</u>

#Monthly pension of \$1,350.00 less \$202.50 equal \$1,147.50.

E. Monthly pension

less reduction(s)

\$810.00*

^{*}After the ERI cost is paid, the pension would return to \$1,147.50 a month.

Steps to Retire Under IMRF ERI

- **Step 1** Employer passes resolution adopting the IMRF ERI.
- Step 2 Employer informs its IMRF members of the adoption of the ERI and of the program's effective date.
- Step 3 Members intending to retire under the ERI notify IMRF of their intent **to do so** by completing Form 5.21, "Member's Notice of Intent to Retire Under the IMRF ERI," or by calling an IMRF Member Services Representative at 1-800-ASK-IMRF (1-800-275-4673). The Notice of Intent does not guarantee a member's eligibility for the ERI nor for an IMRF pension.
- Step 4 IMRF acknowledges receipt of the member's intent to the member and the employer.
- Step 5 Employer determines retiring members' termination dates. Employer is to give members 30 days notice of the date. Members may waive the 30-day notice. However, if a member requests to retire before July 1st so he or she will be eligible for the "13th payment" the following year, the employer must allow the member to do so.
- Step 6 Member submits IMRF Form 5.20, "Application for Retirement Annuity," to IMRF 30 days before termination date.
- Step 7 Employer submits IMRF Form 6.41, "Notice of Termination of IMRF Participation" for member.
- Step 8 IMRF begins paying an estimated ERI enhanced pension. If member is eligible for a refund of contributions (surviving spouse, SLEP, voluntary additional), IMRF notifies member of refund. Member can use refund to pay member ERI costs, if desired.
- **Step 9** Employer sends in member's final payroll report.
- Step 10 After final payroll received, IMRF recalculates member's pension to determine final pension amount.

- Step 11 If member eligible for level option pension (actual age less than 62), IMRF notifies member of option.
- Step 12 IMRF calculates member's cost for the ERI and sends invoice to employer.
- Step 13 Employer returns invoice with the net payment for the member's sick, vacation, and/or personal time. If net payment greater than member's ERI cost, employer forwards balance of net payment to member.
- Step 14 After 30 days, IMRF sends invoice to member indicating ERI service purchased, payments received, and balance remaining. Member can return invoice with any payments toward his or her cost of the ERI.
- Step 15 After 30 days have passed or payment received from member, if any balance remains for member's ERI cost, IMRF begins deducting 24 equal installments (without interest) from member's pension.

Illinois Municipal Retirement Fund IMRF Early Retirement Incentive Member Benefits, Costs and Procedures

Oak Brook Office 2211 York Road Suite 500 Oak Brook, IL 60523-2337 Springfield Regional Counseling Center 3000 Professional Drive Suite 101 Springfield, IL 62703
